

# INTELLIGENCE ANALYST

## Whiteridge Limited

**Location:** Nigeria    **Employment Type:** Full-Time

### ROLE OVERVIEW

The Intelligence Analyst will collect, analyse, and assess intelligence from multiple sources to support security operations, risk management, and strategic decision-making. The role requires strong analytical judgement, professionalism, and discretion.

### KEY RESPONSIBILITIES

- - Analyse intelligence from open and internal sources
- - Identify threats, risks, trends, and emerging issues
- - Produce intelligence briefs, assessments, and reports
- - Support intelligence-led security operations and planning
- - Brief stakeholders and decision-makers

### REQUIREMENTS

- Bachelor's degree in a relevant discipline
- 2–7 years experience in intelligence, security, or research roles
- Strong analytical and report-writing skills
- High ethical standards and attention to detail

### WHY JOIN WHITERIDGE

- Work on real-world intelligence and security challenges
- Professional, confidential, and mission-driven environment
- Opportunities for growth and development

### HOW TO APPLY

Send your CV and a brief cover letter to [careers@whiteridgenigeria.com](mailto:careers@whiteridgenigeria.com). Shortlisted candidates may be subject to background checks.
