

# SECURITY & RISK ANALYST

## Whiteridge Limited

**Location:** Nigeria    **Employment Type:** Full-Time

### ROLE OVERVIEW

The Security & Risk Analyst will identify, assess, and mitigate security risks affecting people, assets, and operations. The role supports intelligence-led security planning through risk assessments, threat analysis, and advisory outputs

### KEY RESPONSIBILITIES

- - Conduct security risk and vulnerability assessments
- - Analyse threats including crime, banditry, and civil unrest
- - Develop risk mitigation strategies and security advice
- - Support travel, route, and operational risk planning
- - Produce structured security risk reports

### REQUIREMENTS

- Bachelor's degree in a relevant discipline
- 2–7 years experience in, security, risk or intelligence roles
- Strong analytical and report-writing skills
- High ethical standards and professional judgement

### WHY JOIN WHITERIDGE

- Work on real-world intelligence and security challenges
- Professional, confidential, and mission-driven environment
- Opportunities for growth and development

### HOW TO APPLY

Send your CV and a brief cover letter to [careers@whiteridgenigeria.com](mailto:careers@whiteridgenigeria.com).  
Shortlisted candidates may be subject to background checks.
